Care instructions :
Do not use cleaning products or sulfuric acid based drain cleaners.
Three steps to cleaning your powder coating.
1. Carefully remove any loose surface deposits with a wet sponge.
2. Use a soft brush (non abrasive) and a dilute solution of a mild detergent, eg, pH-neutral liquid hand dishwashing detergent in warm water (DO NOT use solvents) to remove dust, salt and other deposits.
3. Ensure you thoroughly rinse the surfaces with clean fresh water after cleaning to remove all residues.
